# Skills

## Programming Languages

C, DSA, HTML, CSS, JavaScript

## Technical Tools

Visual Studio Code, Git, GitHub

## Soft Skills

Problem Solving, Communication, Time Management,

Team  
Collaboration

## Projects

**College Website** - Built using HTML, CSS, JS to provide essential information about the college, courses, and events.

**Online Quiz** - Interactive quiz platform with timer and scoring functionalities, built using HTML, CSS, and JS.

**Food Restaurant Website** - A responsive website showcasing menu, contact details, and customer feedback.

**Durga Puja Event Website** - Created a website to promote a cultural event, featuring event details, schedule, and location map.

## Experience

I am currently seeking an internship opportunity to gain hands-on experience and apply my skills in web development and computer science. Although I have not yet participated in a formal internship, I have worked on various personal projects and college assignments that have helped me develop a strong foundation in coding, problem-solving, and web design. I am eager to learn and contribute in a professional setting.
